Clinical Preceptorship (CP) Course

Introduction
The course covers the concepts, principles, and practices of clinical preceptorship in nursing. It provides participants with the essential knowledge, skills and attitude for the role of a clinical preceptor for newly recruited nurses and nursing students from pre-registration or pre-enrolment courses.

Aim
This course aims to prepare and develop nurses for their role in welcoming, integrating, supervising, facilitating and assessing nursing students to the team and place of work.

Learning outcome
Upon completion of this course, the learner will be able to:
1. Discuss the role and responsibilities of a clinical preceptor
2. Describe the adult learning approach
3. Communicate, supportive and giving feedback
4. Act as professional role models in clinical practice
5. Reflect on the quality of all aspects of one's preceptorship role

Target Learners:
Registered Nurses (RNs) and Enrolled Nurses (ENs) with a valid SNB practising certificate issued by SNB. Minimum 2 years of clinical experience. Competent in practice

Class Size
- Maximum 30 pax

Assessment Methodology
1. Theory Assessment
2. Skill Performance and Evaluation

Certification
Certificate of Competence will be awarded to participants who have completed the course
1. Obtained 80% of the score in the Theory Assessment
2. Complete the Skill Performance and self-evaluation checklist

Mode of Training
- Blended learning
